Introducing our innovative Dodecahedron Climbing Frame, the ultimate addition to any playground! Designed for both fun and durability, this climbing frame features a high-quality, powder-coated steel frame, ensuring long-lasting strength and resistance to the elements. The internal structure is crafted from 16mm steel-core polypropylene rope, providing a robust yet flexible climbing experience that encourages children to explore their physical abilities.

Perfect for fostering creativity, coordination, and physical development, this dodecahedron-shaped climbing frame is ideal for adventurous kids who love to climb, swing, and imagine. Its geometric design allows for multiple climbing angles and paths, making it a versatile and exciting play option for children of all ages.
