Garden monkey bars are the perfect addition to any home or outdoor space. Ideal for both fitness and play, they offer fun and challenge for adventurers of all ages. Designed to be enjoyed by the whole family, they make a fantastic feature in any garden.

As one of our most popular pieces of playground equipment, garden monkey bars are crafted for easy installation using superior quality components and a premium finish that never fails to impress. They provide a fun and effective way to build core strength and improve upper body fitness while enhancing hand-eye coordination and grip strength.

Monkey bar exercises target muscle groups that are often overlooked in daily life, delivering well-known health benefits that support overall strength and wellbeing. For younger children, our garden monkey bars can be built at a lower height, ensuring the entire family can join in the fun.

It is advised in accordance to EN1176 that [Instructional Plates](#) are a requirement for outdoor gym equipment in a public space.
