Components

- (x1) Wall Mounted Xylophone

Guarantees

Fixings - 20 Years
Timber - 15 years

Introducing our sculptural 15-note xylophone, a remarkable addition to wooden playground equipment. With an extensive double octave range, its FSC-certified hardwood keys produce a rich, earthy tone when played with a beater. The galvanised steel wall plate not only acts as a resonator to enhance the sound but also offers a striking contrast to the oiled wood keys.

Equipped with stainless steel fixings, this xylophone is easy to mount on brick, stone walls, or timber frames, making it an ideal choice for any playground setting.
