The wooden group swing is designed to allow several children to play together, including those with special needs. The swing is made from heavy duty oak beams or 200mm diameter robinia poles, stainless steel swing fixings, and can be supplied with a variety of cradles depending on your needs. We supply super durable chain cradles, steel core rope cradles, and soft rope cradles in a choice of colours.

A great piece of wooden playground equipment for a natural playground.
