

Robinia Climbing Frame

Product code PS.07

PLAYEQUIP

Our single platform robinia climbing frame packs as much fun into one climbing frame as possible. The natural un-machined timbers make it enticing to use and ideal for a natural themed playground.

The climbing frame is made from solid robinia timber that has a huge life expectancy of 40 years. This combined with the stainless steel fixings, slide and fire pole means that it's extremely robust and durable.
